Education

Software and Data Engineering,
Singidunum University ⬀
2022 – present | Belgrade, Serbia

Information Technologies,
Information Technologies High School ⬀
2018 – 2022 | Belgrade, Serbia
During my studies, I successfully mastered various programming languages, including Java, C, C#, PHP, and JavaScript.

I also gained experience working collaboratively in teams and with clients to deliver successful projects.

This helped me develop strong communication and problem-solving skills, and provided me with valuable insights into the IT industry.

Skills

Web Development (HTML,CSS,JavaScript, PHP, Laravel,Jquery),
Python, **Problem solving**

Languages

Profile

As a graduate of one of the best IT schools in Belgrade and currently pursuing a Software Engineering diploma at a state university, I have honed my communication and problem-solving skills through extensive work with teams and clients. I have experience collaborating on successful projects, delivering excellent customer service, and troubleshooting technical issues. I am committed to providing timely and effective solutions to meet customer needs, and am confident that my skills and passion for the field make me a valuable addition to any customer support team.

Courses

Java programming Masterclass,
Tim Buchalka
present

Fullstack Web Development, *Cubes.rs* ⬀
2021 – 2022 | Belgrade, Serbia

Interests

Chess (I have been playing chess as a hobby since high school. I enjoy the mental challenge of the game and apply the strategic mindset.), **Guitar** (I play the electric guitar as a hobby and enjoy expressing myself through music.)
